Dr. Tuan Q. Phan is an Assistant Professor at the Department of Information Systems and Analytics at the National University of Singapore. His works in social networks and Big Data span multiple disciplines including economics, marketing, consumer behavior, computer science, and statistics. His expertise covers various industries including retail and e-commerce, logistics and transportation, social media, news and video media, technology and consumer products, education, and FinTech. He received his doctorate from Harvard Business School, and an undergraduate from MIT. He is also an entrepreneur, and frequently consults industry leaders.

EDUCATION

Harvard Business School, Boston, MA, USA

Doctor of Business Administration (DBA) in Marketing

Committee: David Godes (chair), Markus Mobius (Harvard Econ), Edoardo Airoldi (Harvard Statistics), Sunil Gupta (HBS Marketing)

Massachusetts Institute of Technology, Cambridge, MA, USA

B.S. in Computer Science & Electrical Engineering, with concentrations in Business and Economics

ACADEMIC EMPLOYMENT

Aug. 2011 – Present	National University of Singapore, Singapore Assistant Professor, Department of Information Systems and Analytics
Sept. 2017 – Present	Research Team Lead of Social Learning Research Theme <i>Institute of Application of Learning Science and Educational Technology</i>
2013 - Present	Affiliated faculty member <i>Business Analytics Centre</i>
2010-2011	Harvard University, Cambridge, USA Research Assistant, Department of Statistics
2005-2011	Harvard Business School, Boston, USA Research Assistant, Marketing Department

PROFESSIONAL EXPERIENCE

2011	<i>Consultant, Senior Analyst</i> ChoiceStream Inc, Cambridge, MA
2003 - 2004	<i>Systems Analyst</i> Ticketmaster, Los Angeles, CA
2000 – 2004	<i>Co-Founder</i> Intergrafx, Cambridge, MA; Pasadena, CA; Taipei, Taiwan

Q. Awards, Honors, and Fellowships

1. 2016, *International Conference on Information Systems (ICIS)*, Dublin, Ireland. **Most Innovative Research-In-Progress Paper Award**
2. 2014, *International Conference on Information Systems (ICIS)*, Auckland, New Zealand. **Best Research-in-Progress Award, runner up**
3. 2005 – 2010, Harvard Business School Graduate Student Fellowship
4. 2002, Winner of MIT Mobile Autonomous Systems Laboratory (MASLAB) Robot Competition

R. Industry Research Collaborations:

1. 2018-Present: **Singapore Airlines**, a major airline
Pilot training, operations, and airline analytics
 2. 2017-Present: **Scommerce**, a major logistics company in Vietnam
Dynamic incentive schemes and on-demand logistics
 3. 2017-Present: **ValueMax**, the oldest pawn shop in Singapore
Credit scoring for unsecured lending, and customer analytics
 4. 2017: **GlycoLeap**, a diet management mobile application service for diabetes
Image-based food and health recommendation, and analysis of electronic medical records
 5. 2016-Present: **Viki**, A leading video streaming service of foreign dramas and shows
Subscription prediction and language learning using video and EdTech
 6. 2016-Present: **WeGo**, A leading flight search engine
Consumer behavior
 7. 2016: **Axiata Group**, A major telecommunication company
Churn analysis and prediction, peer-to-peer payments
 8. 2015-2017: **Singapore Press Holdings**, Major publisher with 18 newspapers and magazines
Social media, subscription, and readership analytics
 9. 2015-Present: **Changi Airport Group**, Rated best airport in the world
Retail analytics
 10. 2014-Present: **Lenddo**, Provides micro-finance using social media
Prediction of loan defaults using social media, network, and location data
 11. 2014-Present: **ReadyFor**, Japan's largest crowdfunding website
CRM and backing prediction
 12. 2014: **Lenovo**, World's largest laptop manufacturer
Analyzing social media and image sentiment analysis
 13. 2013-2016: **CashSlide**, Korea's leading opt-in mobile advertising platform
Perform image sentiment analysis and CTR prediction
 14. 2011-2014: **Wing Tai Group**, A leading retail and lifestyle leader
Retail analytics
 15. 2011-Present: **Facebook**, A major social network site
Social media and networks analysis
